

YOHAN WIJAYA

PROGRAMMER

PROFILES

Hi, my name is Yohan Wijaya, I am a programmer from Indonesia. coding is my favorite, because coding is like a game for me. Many challenges, fun, and make me think logically. also coding can hone creativity and problem solving. besides that I like designing especially in web design and app design. and I also like video editing. a little story from myself, I am the type who doesn't like to waste time, I am responsible for work, hardworking, brave to try new things, creative, and can work well in a team
